

Duquesne Light Company Rebate Catalog for Business Customer

(Effective 06/01/2026 - 05/31/2031)

General Requirements and Specifications

- All measures must result in kWh reduction.
- Equipment that receives instant discounts are not eligible for incentives in this catalog.
- All new construction is custom. Please contact Franklin Energy for assistance at **877-334-1715** or email **DUQLightBusinessSolutions@Franklinenergy.com**.
- Custom projects will be rebated at \$0.09/kWh. Please email or call us to discuss your project.

Lighting Rebates

General Requirements and Specifications

- Must comply with most recent version of Design Lights Consortium or ENERGY STAR® specifications at time of purchase.
- New construction/renovation lighting: Installed wattage must exceed design code's allowable wattage requirements by a minimum of 10%.
- Custom \$/kWh rate is \$0.09/kWh.

HVAC Rebates

General Requirements and Specifications

- Must conform to Pennsylvania's 2026 Technical Reference Manual measure requirements.
- Must exceed code efficiency by 5%.
- If applicable, must be AHRI rated.
- Process cooling will be treated as custom.
- Custom \$/kWh rate is \$0.09/kWh.

Motor/Drives Rebates

General Requirements and Specifications

- Must conform to Pennsylvania's 2026 Technical Reference Manual measure requirements.
- Must exceed code efficiency by 5%.
- VFDs installed on pumps/motors > 200HP will be treated as custom.
- VFDs on new equipment required by code are ineligible.
- If applicable, must be ENERGY STAR certified.
- Custom \$/kWh rate is \$0.09/kWh.
